UW-WHITEWATER COLLEGIATE RACE

ROAD RACE
CRIT ITT

APRIL 7th-8th
Whitewater, WI

Road Race

Starting at the Rice Lake Boat Launch, riders will be led on a neutral roll out along Kettle Moraine Dr. before entering the scenic and hilly surrounding area. The end of the lap is through a smooth, twisting road in Kettle Moraine State Park before riders tackle a 100ft vertical to the finish. Riders will complete between 30 to 60 miles depending on category. Parking is \$5.

Crit

Starting on Fonda St. riders will be taken around a unique four corner Crit. The course features a fun, punchy climb on one half and a tight, tricky descent on the other. Those riding for the Crit, be aware that East Main St. will be closed and parking will be located at Washington Elementary School parking lot on East North St.

ITT

Riders will be treated to the "Whitewater Lake Interval," a lactic acid inducing, fast, and exhaustive loop around Rice Lake. At 2.5 miles long, it still boasts about 100 feet of climbing and features multiple 5-10% grade climbs.
